

PERSONAS

(1)

Name: Naveed Ali Shah

Age:23

Gender: Male

Qualification: Currently doing BS(CS)

Hobbies: Solving puzzle ,playing chess, Reading articles, Travelling

Interest: Involved in local gaming zones, classes and groups, organizing events in the community, preparing food for events, Attending events, shows and exhibitions, cooking.

Problem: With this app for online meeting, you can choose to transfer files, share screen, join from your mobile device, and even change presenters. One click scheduling integrates with Calendar to send and keep track of your invitations.

Question (MCQ's):

- **What is the best cross-platform video conferencing software for online lecturing with extra features which other applications are not having?**
 - Online meeting application(Ours) (Yes)
 - Zoom
 - WebEx

- **Based on your experience, is zoom or Online meeting application(ours) better for conducting lectures and students response?**
 - Online meeting application(yours) (yes)
 - Zoom
 - WebEx

- **How often do you use this application?**
 - Several times a week (YES)
 - Every day
 - 1-3 times a month
 - Less than once a month

- What is the primary reason you would use this online meeting application?
 - Notifies about lazy students who are not responding (YES)
 - Screen sharing
 - Link sharing
 - See recorded lectures

- How much time you have used and experienced about this application?
 - 5 hours or less (YES)
 - 45 minutes
 - 11-20 minutes

SUGGESTIONS:

- 1) Set a schedule for the beginning of the meeting, and set a time for the end of the meeting.
- 2) one-paragraph statement of purpose for the meeting. Start with this sentence: "We are having this meeting to achieve this specific goal."
- 3) Show how much content is covered in percentage format.

USER 1 FEEDBACK:

It was very good to use this online meeting application and I am having fun for the time-being learning from this application as how to attend the meeting from his mobile app and how to control the new and advance options

(2)

Name: Kamran Ahmed

Age:35

Gender: Male

Qualification: Graduated

Hobbies: Playing a musical instrument, painting, networking event, board games, gardening, making review of new meeting applications.

Interest: videos games, creative writing, swimming, designing and making review of an applications, football

Problem: It also allows for quick access to the meetings as the people invited just have to click the invitation link, or simply enter their names and meeting number, and that's it. It provides quick, easy, and hassle-free access to meetings. This meeting app also guarantees superb HD videos and high quality audio. You can also share content and screens, make private and group chat, schedule online meetings in advance, record online meetings and more.

Question (MCQ's):

- **What is the best cross-platform video conferencing software for online lecturing with extra features which other applications are not having?**
 - Zoom
 - Online meeting application(Ours) (Yes)
 - WebEx

- **Based on your experience, is zoom or Online meeting application(ours) better for conducting lectures and students response?**
 - Online meeting application(yours) (yes)

 - 5 hours or less (YES)
 - 45 minutes
 - 11-20 minutes

SUGGESTIONS:

- 1)Organize the agenda so that the top 20% of items are the first items to be discussed. This way, if you run out of time, you will have covered the items that represent 80% of the value of the meeting before the time runs out.
- 2) ensure that everyone is clear about his agreed-upon responsibilities and deadlines.
- 3)Show how much content is covered in percentage format.

USER 2 FEEDBACK:

Using this mobile application to attend the lectures by this application is doing wonders for me. I can now access all and different types of option while using my mobile only, which I am doing classroom
